6. Date NOPV issued by Department: August 25, 2009 (#1585)
7. Department's Statement of Evidence Supporting the Alleged Violation: "The Department of Public Service investigated this incident and determined the following details. On 8/5/08, TMG Enterprises was excavating to repair a driveway at this site. TMG Enterprises did not notify the one call center prior to excavating. During the course of the excavation, an unmarked Vermont Telephone service wire was damaged, causing a loss of service to the property owner for 2 hours. The site was not marked out because no notification was made to the one call system prior to excavating. TMG Enterprises notified VTEL of the damaged facility. The Department of Public Service issued 0 Notices of Probable Violation (NOPV's) to TMG Enterprises LLC during the 12 months preceding this incident."
8. Statute, Rule, Regulation or Order Allegedly violated: 30 V.S.A. § 7004

10. The Respondent has agreed to take the remedial action(s) recommended by the Department.¹

Conclusion and Order

Because the Respondent has not contested the NOPV, or the allegations therein, we conclude that the remedial action proposed in the NOPV is appropriate, and should be imposed.²
